

SCHOUPS

Newsflash 08.02.2018

13 March 2018 - Schoups speaks at the workshop “Checklist for purchase-sale of real property”

On Tuesday, 13 March 2018, Christine Heeb, Ewoud Willaert, Kristof Hectors and Gwen Bevers will be speaking at the workshop “Checklist for purchase-sale of real property” being organised by Larcier. The event will highlight the recent publication bearing the same title by these authors in the series Bouw- en Vastgoedcahiers [Construction and Real Estate booklets].

This workshop will offer an overview of the main points that must be considered in relation to the purchase-sale of real property so as to ensure that the transaction is truly valid and enforceable.

The speakers will deal with the following subjects, amongst others: is the purchase agreement still a consensual agreement?, how can one furnish proof of the purchase electronically? and what events can still stymie a valid formation? (focusing especially on the specific duties to provide information in purchase-sales of real property). Real property can also change hands via a transfer of the (real estate) company owner, and these particular points of attention are dealt with as well.

One will also look more closely at the common-law and specific information duties - and what can happen when they are not fulfilled.

You will find the full programme and registration form on the Larcier website. All those who register also receive a copy of the publication “Checklist for purchase-sale of real property” from the Bouw- en Vastgoedcahiers series.
